# KK SS MILKCANS (AISI 304)

SS Lockable Milkcan

Milking Machine Can

Seam welded Lid

Specially riveted & spot welded handle

## SPECIAL FEATURES

- SS Milkcans are made from 304 grade stainless steel prime material only.
- This grade has high corrosion resistance.
- These can are manufactured with deep drawing & spinning technology, hence work hardened body withstands rough handling.
- Cans lids are seam welded circumferentially for longer life.
- Handles are properly bent, riveted & spot welded on can body for firm & ergonomic grip.
- Bottom ring too is made from 304 grade SS & shrink fitted to can body.
- Milkcan & lid is properly polished at various stages to get superior, smooth & mirror bright finish that ensures hygiene & easy cleaning.
